“Right first time in Time”

In Volvo Service and Parts Information, a vehicle is often referred to by its “type”, not its “model”. For example the 1999 - 2006 Model Year S80 is type “184”.

If a document states “P1X” or “5XX” as an example, it will apply to all models within the platform type. “54X” will apply to the “544”, “545” and “542” models. “X” represents variable data.
